

Thumbs Up To Our Sponsors, Organizers and Helpers

Rambler-Rama is unique among the many shows that grace the Canadian collector car summer scene. Not only is it the only major Rambler/AMC show north of the 49th parallel, but one of the best supported. The attendees are terrific; what else would you expect from those with a love of cars from this long departed independent manufacturer. The business community at large is similarly supportive and of course we are blessed with a group of dedicated organizers & helpers who gather up the table prizes, goody-bag items, book the venue, book the DJ, order the trophies, and schedule and execute the many activities necessary to deliver this event. This year, members of AMO + again joined with us to make this year's show one of the best and deserve a big round of applause for partnering with us and for their efforts prior to and on show day. Special mention should be made with regard to the support of our host, Haugen's, which makes it's facilities available to us year over year.

So in conclusion, a "BIG" thank you to our sponsors, organizers, helpers, Haugen's, AMO+ and most importantly those who attended **Rambler-Rama 2016**.
